

Pets rules

In order to guarantee to all our guests a nice holiday, here are some rules the pets' owners have to respect: we suggest you to take your pet with you, especially during the first days of your holiday, to get him used to the new apartment; if he isn't able to do it, you must take your pet out with you or stay with him home, in order to avoid barking, mewing,...disturbing the other guests

At your arrival you should leave a phone number at the reception to be reachable for every kind of problem.

You must remove faeces not only outside (as the law says), but also inside the Mizar property (terraces, gardens, parking, common areas,...).

In the stairwell, in the parking and in all common areas of Mizar you must hold your pet by the leash or keep him in the proper cage.

Pets can't enter in the pool area and in the playgrounds for children.

In order to respect hygienic conditions and the new guests of the apartment, you have to pay the final cleaning (Euro 25,- app. B4; Euro 35,- app.C6).
